The Science of Health!

Every Man his own Physician.

HOLLOWAY'S PILLS
—AND—
Holloway's Ointment.

Disorders of the Stomach, Liver and Bowels.

The stomach is the great center which influences the health or disease of the system—abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, etc. The bowels sympathize by costiveness, diarrhœa and Dysentery. The principal action of these Pills is on the stomach and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum

Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its *modus operandi* is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions of the Skin,

Arising from a bad state of the blood, or chronic diseases, are eradicated and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints,

Whether in the young or old, married or single at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation. They are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stuborn diseases is eradicated locally and entirely by the use of this emolient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases: Bunions, burns, chapped hands, chilblains, fistula, gout, lumbago, mercurial eruptions, piles, rheumatism, ringworm, salt-rheum, scalds, skin diseases, swelled glands, sore legs, sore breasts, sore heads, sore throats, sores of all kinds, sprains, stiff joints, tetter, ulcers, venereal sores and wounds of all kinds.

CAUTION.—See that the words "Holloway, New York and London," appear as a watermark on every leaf of the book of directions which enfolds each box or pot. No others are genuine. A handsome reward given for information leading to the detection of counterfeiters of the medicines and venders of the deceptive articles, knowing them to be such. Sold at the manufactory, No. 80 Maiden Lane, and by druggists and medicine dealers throughout the world. A great saving by taking the large sizes. Full instructions with every box or pot.

Our Guides.

In a pillar of cloud by day, O GOD,
And a pillar of fire by night,
Thy presence did guide on the way they trod,
Thy people of old in flight;
And the wilderness way that we walk to-day
More dreary and dark would seem,
If through the deep night or the twilight gray,
Thy presence should never gleam.

I am glad they waited in days of old,
With a promise of better things;
For my heart is stirred when the tale is told,
By the hope and cheer it brings,
I am glad they journeyed those forty years,
In trouble, and doubt, and pain;
For the gloom of my wilderness disappears
At thought of their final gain.

We may never quite perfectly understand
Why the wilderness waits for each;
Yet we know that the beautiful Promised Land
Is beyond it—without our reach.
But whatever the burdens we have to bear,
Or however we shrink or faint,
We shall carry ourselves and our burdens there
If a prayer is our sole complaint!

Had they only looked down, in the olden time,
As they journeyed with falt'ring tread,
They would never have known of the guides sublime,
That forever their footsteps led,
And I pray, though we walk in a faithless way,
Though we seldom look up for light,
We may never lose sight of the cloud by day,
Or the pillar of fire by night.

GENTLE FOLKS.—A book on "Good Society" has just been published in England by a Countess, in which, after quoting Ruskin and Emerson on what constitutes a gentleman, she goes on to give her sensible reflections on the subject. She says: "Manner is only to be defined by a series of negations. The well bred person has no manner. The well-bred person is distinguished from the ill-bred person, not by what he does, but by what he leaves undone. The well-bred person just differs from the ill-bred person in that he knows what he ought not to do. The very best breeding consists chiefly in the utmost unobtrusiveness. To be well-bred and well-mannered, in short, is to keep down the *ego* upon every occasion; to control every expression of strong feeling; to be of noiseless bearing and gentle speech; to abstain from all that may hurt the feelings or prejudices of others; to make small sacrifices without seeming to make them; in a word, to remember that in society one lives for others and not for oneself. But politeness is not like a robe of State, to be worn only on occasions of ceremony. In no place do the laws of etiquette bear more gratifying results than in the home circle, where, stripped of their mere formality, tempered with love, and fostered by all kindly impulses, they improve the character and bear their choicest fruits. A true gentlewoman will show as much courtesy, and observe all the little duties of politeness as unfailingly, towards her parents, husband and family as toward the greatest strangers. A true gentleman will never forget that, if he is bound to exercise courtesy and kindness in his intercourse with the world, he is doubly bound to do so in his intercourse with those who depend upon him for advice, protection and example." But to pass to the practical suggestions of the Countess, in which, discarding all mere abstractions and glittering generalties, she sets herself to a definite statement of what a lady or gentleman may or may not do. Gentlemen should avoid scandal, puns, slang, proverbs, argument, flattery, religious controversy in general conversation; they ought not in the presence of ladies, to smoke, to look glum, to use classical quotations, to tell anecdotes or sing comic songs.

HEAVEN'S RETRIBUTION.—The New Orleans *Picayune* relates the following remarkable case:

Some years ago, a man named Spencer, in that city, got into a trifling dispute with a life-long friend, named Hunt, and killed him in a moment of passion. His horror at the homicide threw him into a fever, of which he came near dying. For months he hovered on the verge of the grave, and when at last he did recover, it was with the impression that the ghost of his friend was ever at his side. His mind, clear upon every other subject, clings to this delusion, and no persuasion or reasoning can remove the impression or cure him of the mania. It goes with him to his business, which he conducts with the same sagacity and skill that he always did. It sits with him in the family circle; it is by his side upon the street, and lies down with him when he goes to bed at night. He often converses with it, and imagines that he receives replies to his questionings. He says that for years the ghost maintained toward him a stern aspect, refusing all conciliation, but of late years it has assumed towards him a more friendly demeanor. He believes that it will go with him through life, as a penace for his crime. The law acquitted him, but this is the judgment of heaven.

RESPECT THE BODY.—Give it what it requires and no more. Don't pierce its ears, strain its eyes, or pinch its feet; do not roast it by a hot fire by day and smother it under heavy bed-covering all night; don't put in a cold draught on slight occasions, and don't nurse and pet it to death; don't dose it with doctor's stuffs, and above all, don't turn it into a wine-cask or a chimney. Let it be "warranted not to smoke," from the time your manhood takes possession. Respect the body; don't over-work, overrest or over-love it, and never debase it, but, be able to lay down when you are done with it, a well-worn, not misused thing. Meantime, treat it at least as well as you would your pet horse or hound, and, my word for it though it will not jump to China at a bound, you'll find it a most excellent thing to have—especially in the country.

THE Hon. Sancho Brown, a colored member of the South Carolina Legislature, is rapidly attaining an oratorical eminence alongside of Mullins and Stokes. Witness the following outburst upon a question of privilege which recently arose in that body: "Sah, I ax dis house ef dey gwine to 'low de man who jis tuk his seat to stan on de flo' ob dis body and talk to de General Assemblage of Souf Carolina wid dat tune de crank ob univurss manner dat am so superfishent an ondisgustible." He'll do.

As loveliness is to the rose so is advertising to business—both go together.

THE CURSE OF THE DAY.—There is too much lying. On every hand we meet with exaggeration, equivocation, deception. We call it lying, and every one who varies one iota from the strictest fact and truth is indeed a liar.

The expressman agrees most solemnly to deliver a trunk at a certain place, by a certain time. He delivers it the day after the time promised, and thus lies. The grocer promises to send you the best tea in the market. He takes the first his hand falls upon, without regard to quality, and dispatches it to you without a twinge. He is a liar. The printer promises to do your work cheaper than it can be done elsewhere in town. He forgets his promise—charges you what he pleases—and lies. The tailor agrees to deliver a suit of clothes, without fail, by six in the evening. You get them in the morning, and the tailor is a liar. The dentist pledges his word that if your teeth are filled by him they will be all right for a dozen years. The filling comes out in six months and the dentist lies. A man over the way is in need of a temporary loan. You lend him a small sum which he promises by everything to return at a given time. He keeps it a month over the time, and is a liar. An auctioneer tells you that a certain picture is by a master artist, when he knows it was painted by a fourth-rate painter. He lies and is not worthy of trust. A salesman lies about his goods. A boot-maker lies about his boots. A jeweler lies about your watch. The gossiper at the dinner table tells exaggerated stories to astonish the ladies—and is nothing else than a liar. The florist assures you that his flowers were picked in the morning, when they are nearly two days old. He lies, and will lie about anything. The book publisher advertises that his books are selling by tens of thousands when he has not sold a thousand. He is a liar, and one door from a murderer.

Everywhere — everywhere, lying, lying, lying. Men and women who knock you down if you called them liars, lie every hour. Deception is the rule rather than exception. Canvassers lie about insurance companies. Brokers lie about stocks. Editors lie about politics. Exaggeration and misrepresentation rule the day and are its curse.

Gentlemen—ladies—why cannot the truth be told always and ever? Why all this deception and lying? Why so much falsifying and cheating? In the name of all that is good we beg of you to do as you agree.

A NEW AND SWEEPING MOVEMENT.—An Agrarian movement is spreading, and the agitators outstrip either Sprague or any other man. On the 14th inst., some three or four thousand people met in sober New England to resolve, first, that "property earned nothing;" second, to demand "the immediate withdrawal of the notes of the National banks, to be replaced by Treasury certificates of service, receivable for taxes and bearing no interest, and the provision of free banking associations whereby money based on commodities may be purchased at cost;" and third, "all men who continue to rule women against their will are tyrants." Further it was resolved "that no great national debt was ever paid or otherwise discharged, except by repudiation; that as dissenting men were shot down or drafted into battle, while disloyal wealth was allowed to remain at home with increased liberty to fatten on the public distress; and that as the full amount originally loaned the Government will soon as interest, have been more than paid, we demand the immediate payment of the war debt by assessment on the whole property of the nation, including Government bonds." Here are several nuts to crack, and Massachusetts leagues, composed of men and women, are very busy in doing the work.—*Savannah News.*

WASN'T PUSHING HIM.—Some time ago, one Sabbath we wended our way to one of the churches, and instead of a sermon heard an address upon some missionary or other benevolent subject. After the address was concluded two brethren were sent around for contributions. Parson L—— was one of the basket bearers, taking the side upon which we were sitting. Immediately in our front, and upon the next seat, negligently reclined our friend Bill H——, a gentleman of infinite humor and full of dry jokes. Parson L—— extended the basket, and Bill slowly shook his head. "Come, William, give us something," said the Parson. "Can't do it," said Bill. "Why not? Is not the cause a good one?" "Yes, but I am not able to give anything." "Pooh! pooh! I know better; you must give a better reason than that." "Well, I owe too much money; I must be just before I am generous, you know." "But William, you owe God a larger debt than any one else." "That's true, parson, but then He ain't pushing me like the balance of my creditors." The parson's face got in rather a curious condition as he passed on.

LIFE'S VICISSITUDES. — To-day we are striving, pushing, grasping after wealth, honor, power and pleasure. The poor claim wealth above want; the rich seek to add to their countless thousands. So we are crushing forward, reckoning not of the final result of our probationary existence. No one ever appears to think how soon he must sink into oblivion—that we are one generation of millions. Yet such is the fact. Time and progress have, through countless ages, come marching hand in hand—the one destroying, the other building up. They seem to create little or no commotion and the work of destruction is as easily and silently accomplished as a child will pull to pieces a rose. Yet such is the fact. A hundred years hence, and much that we now see around us will too have passed away. It is but the repetition of life's story; we are born, we live, we die; and hence we will not grieve over those venerable piles, finding the common level of their prototypes in nature and ultimate death.

DURING his visit in San Francisco, Ben Wade was asked out to dinner, to meet Mayor McCoppin and others, and at table was placed at the Mayor's right. The subject of Chinese immigration and suffrage came up. Wade, in his "bluff" manner, blurted out to the gentlhman next: "Well, why shouldn't the Chinese come here and have all the rights and privileges? They are a d—d sight better than the Irish!"

EYE SIGHT.—Milton's blindness was the result of over-work and dyspepsia.

One of the most eminent American divines has for some time been compelled to forego the pleasure of reading; has spent thousands of dollars in vain, and lost years of time, in consequence of getting up several hours before day and studying by artificial light. His eyes will never get well.

Multitudes of men and women have made their eyes weak for life, by the too free use of the eye-sight in reading small print and doing fine sewing. In view of these things, it is well to observe the following rules in the use of the eyes:

Avoid all sudden changes between light and darkness.

Never begin to read, or write, or sew, for several minutes after coming from darkness to a bright light.

Never read by twilight, or moonlight, or on a very cloudy day.

Never read or sew directly in front of the light, or window, or door.

It is best to have the light from above, obliquely over the left shoulder.

Never sleep so that, on first awaking, the eyes shall open on the light of a window.

Do not use the eye-signt by light so scant that it requires an effort to discriminate.

Too much light creates a glare, and pains and confuses the sight. The moment you are sensible of an effort to distinguish, that moment cease and take a walk or ride.

As the sky is blue and the earth green, it would seem that the ceiling should be of a bluish tinge, and the carpet green, and walls of some mellow tint.

The moment you are instinctively prompted to rub the eyes, that moment cease using them.

If the eyelids are glued together on waking up, do not forcibly open them, but apply the saliva with the finger—it is the speediest diluent in the world—then wash the face in warm water.

THE New York *Sun* "wants to know, you know," about a certain matter, and puts it in this shape: "Gen. Grant and his family are said to be coming to Long Branch on board the Tallapoosa. This is a National vessel, and its expenses are paid by the National Treasury. But by what right does the President convert it into a pleasure yacht for the use of himself and his relations? Is there any law of the United States which authorizes him to take a public steamer and employ it as a means for his personal amusement? And how does Secretary Robeson dare to pervert his official power by ordering the Tallapoosa on such an expedition? Gen. Grant is paid a large salary, and besides he has been enriched by donations. If he wants to go to Long Branch in a steamboat, let him hire one and pay for it out of his own pocket, like an honest citizen.

A CINCINNATI corespondent returning from the East, was about to file himself away in one of the railway pigeon holes of a sleeping car, when the somnolent passengers were roused by the voice of a huge Kentuckian who, holding up a pillow between his thumb and finger, roared out to the attendant:

"I say, you boy, come, take this away."

"What for, sah!"

"Because I'm afraid the darned thing will get in my ear."

IDAHO NEWSPAPER PROSPECTUS. — We have started a paper.

Name.—Capital Chronicle.

Principles.—Democratic to the hilt.

Object.—To make a living.

Office.—On main street, about three hundred yards below the Overland Hotel, opposite an old oyster can in the road.

And we'll run it or "bust."

HOPE is a vigorous principle; it is furnished with light and heat to advise and execute; it sets the head and heart to work, and animates a man to do its utmost. And thus, by perpetual pushing and assurance it puts a difficulty out of countenance, and makes a seeming impossibility give way.

A BOARDER at a White Pine hotel being about to depart, said to a waiter: "Boy, run-up-stairs to No. 16, and bring down my baggage." "Where is your baggage, massa, and what is it?" "Why, three pistols, a pack of cards, a Bowie-knife and a shirt. You'll find them under my pillow."

THE editor of the Wisconsin *Banner* says: "Wednesday's mail brought to us a letter addressed 'Rev.,' another the 'Hon.,' another 'Col.,' one 'Mr.,' and the last 'Esq.' On the way to dinner we accidentally stepped on a woman's trail, and she addressed us thus: 'You brute.'"

A GENTLEMEN in noticing some instances in the education of children, said he knew of a women who used to tie her boy to the bedpost on Sunday, while she went to church, and made him learn the hymn beginning, "Thine earthly Sabbaths, Lord, we love."

MR. CASSERLY very truly remarked that the Radical State Convention proved the insincerity of its opposition to Chinese suffrage by endorsing the Fifteenth Amendment, which means Chinese as well as negro suffrage.

TWO EGGS A DAY.—A farmer writes to the *Rural New Yorker* that for three weeks one of his hens laid two eggs per day. She then wished to set, but being broken up, commenced laying twice a day as before.

DURING the recent freshet in Connecticut, a Waterbury editor telegraphed another at the scene of action, "Send me full particulars of the flood." The answer came, "You will find them in Genesis."

MEN'S lives should be like the day, more beautiful in the evening; or like the summer aglow with promise, and the autumn, rich with golden sheaves where good works and deeds have ripened on the field.

WHY is a candle-maker the worst and most hopeless man? Because all his works are wicked, and all his wicked works are brought to light.

A MAN in Massachusetts sleeps seventeen hours a day. He would make a good Radical editor—he lies so easily.

FUNERAL OF FARRIS.—The remains of John Farris, who was killed on Friday last in Yolo county, and interred near Davisville, were exhumed yesterday morning and brought to this city, arriving here about noon. The funeral took place at 5 o'clock P. M. from the residence of the uncle of deceased, Chief Engineer Hapeman, between M, N, Ninth and Tenth streets, and was attended by members of Eureka Engine Company No. 4, with which he had been connected, and delegations from other companies of the Fire Department. The remains were interred in the City Cemetery.—*Reporter*, 18th inst.

YOUNG JOE SMITH, son of the prophet Joseph, is making trouble in Mormondom. He is opposing polygamy, tithing and Brigham's rights as head of the Mormon church. Young Joe claims to be the successor of his father and asserts his rights. He is certainly spunky to beard Brigham at his headquarters.

Face the Music.

Our Democratic candidates are actively in the field, making a very pretty fight for the county offices, and on every side we find accessions which will swell the next Democratic vote beyond the expectations of those who have only carelessly looked at the matter. We hear from Minis, our nominee for Senator, that he is particularly attentive to Reed, his opponent, and is making the latter face the music on the only real question at issue, the Fifteenth Amendment. On the other side, the Republicans are playing the tactics of evasion and prevarication, keeping all the while the intention in their hearts of carrying out in full the plan unequivocally expressed by the last Congress in favor of the inferior races. We have recently heard of several attempts to get an expression of opinion from the Radical candidates of this county; but have in no instance been able to learn that there is one of them that will squarely and unequivocally tell how he stands on the question of universal suffrage or the Fifteenth Amendment, which is going to absorb all other questions. It is time that these radical gentlemen should be made to expose their hands and tell us frankly whether or not they go for giving the ballot to the Chinaman and the negro, and they should be so compelled to make known their intentions as to either send them to the one side or the other for all time. At present, ask a Radical how Geo. W. Scott, his candidate for Assembly stands, and he will be compelled to admit that Mr. Scott apparently has no fixed idea on the subject, and in fact, utterly fails to comprehend the meaning and effect of the Amendment which lets in the inferior races. And yet this man is running for a purely political office—one which is to affect our political fate at a junction the most critical in our political history. All, save those who do not wish to see, know how the Radical candidates, office-holders and convention delegates, have since the day of the Chicago Convention, played fast and loose on the suffrage question. None can forget how the Radical chiefs proposed to leave to the people of the "loyal" States the regulation of the matter to suit themselves, and none have forgotten that at the first meeting of Congress after Grant's election, they turned around and proposed the Fifteenth Amendment, which takes from all the States the right to control the question of suffrage. There are thousands of men acting to-day with the Radical party, who have no comprehension of the sinister designs of that party against the white race, and if to day their Radical leaders were forced to unbosom themselves and confess the truth, those thousands would join and act with the Democratic party in mass. But it is only a question of time. Some day the whole Radical scheme will be unmasked, and then the party will be reduced to the old time dimensions of a corporal's guard, led on by Wendell Phillipps, Abby Kelly Folsom, and other people of no definite sex.

OREGON OUTDONE.—In former times, whenever a California editor felt uncommonly self-righteous and decent, he took occasion to make a few flings at the press of Oregon, and to serve up a few choice extracts from the billingsgate articles of those web-footed writers. It was the general opinion that the Oregon fellows were dirty blackguards and that we of California were very nice people; but if any disinterested stranger would take a critical look at such "high-toned" sheets as the Sacramento *Union*, the San Francisco *Bulletin*, and other kindred papers, the impression would be unavoidable that the reign of violence and blackguardism was absolute and unchecked. These dirt-throwers have tried to falsify and ignore the real issue by exhibitions of such uncommon depravity and falsehood as were never before witnessed, even in Oregon.

WHICH?—Geo. W. Scott, Radical candidate for the Assembly, in his published letter, speaking of the Fifteenth Amendment, says: "With its plain and literal meaning, I concur." And yet it is said that in going about the county in conversation with individuals he declares himself opposed to it. Which are we to believe?—his published statement, or his private word? Perhaps the writer of that letter did not follow instructions. It is charitable to believe that Scott did not read the letter before its publication.

IT IS AN EVEN BET that no man can tell whether Charles F. Reed is in favor of the Fifteenth Amendment or not. He will not say that he is, and dare not say that he is not; and yet being a candidate for their suffrage, the people have a right to know. Won't he make some sign? How is it. C-h-a-r-l-e-s? Are you in favor of the ratification of the Fifteenth Amendment?

KEEP THESE FACTS BEFORE THE PEOPLE.—That voting for Chas. F. Reed and G. W. Scott will be virtually casting two votes for the Fifteenth Amendment, negro and Chinese suffrage; while voting for Wm. Minis and J. M. Kelly, will result in recording two votes against the Fifteenth Amendment and universal suffrage.

W. M. DEWITT.—Our former townsman, named above, has received the "People's" nomination for District Attorney of Santa Cruz county. If elected he will make an industrious and we believe efficient officer.

TAKE NOTICE.—The name of the Democratic candidate for Senator is William Minis, only one *n* in the name. Our Democratic cotemporaries, and the County Committee of Solano, will remember this.

THE Sacramento river, between Knight's Landing and Red Bluff, is lower than ever before known.

Money and Grain Markets.

"AS GOOD AS WHEAT," is an old proverb, meaning that wheat was as good and even better than money. In fact we do not know that there ever was a time when a bushel of wheat would not bring its equivalent in cash until the present. There is a demand for it, the world needs it, but there is no money to pay for it. Where has the money gone to? What has caused the "tightness" in the money market? are questions more easily asked than answered. None of the explanations given have been satisfactory to us and we apprehend to many more. The balance of trade undoubtedly is against us, and White Pine speculations have consumed a large amount of our surplus, and the closing of the Mint, and each of the excuses given may be true to a greater or less extent and yet the closeness in the money market is not satisfactorily accounted for. In other States when there is a scarcity of money for business purposes, the banks put their hoarded wealth in circulation, relieving the pressure and accommodating the wants of the business community. But here, when money is scarce, the banks are first to sound the alarm, accommodations are withheld, and, as is now the case, no money can be had from them. What sort of institutions are our banks? Have they no capital? Do they simply, in easy times, loan the money of their depositers, having none of their own, and call it in to meet the demands of that class of customers? This is certain, there is no money to be had for the purchase of the wheat crop of this year. There are thousands of tons of wheat offered daily and no purchasers. It is wanted but there is no money to pay for it. Whether this is a trick of the grain speculators or not we cannot tell, but it looks like it. Wheat is advancing in the East and falling here because there is no money. Does it not look as though the capital of the State was under the control of or in a ring of grain speculators? Let every one judge for himself, but we believe that our wheat is wanted more than our farmers want the money for it and we look for higher rates as soon as the "money pressure" is past—that is, as soon as the "ring" has spunged as much wheat out of the farmers at low rates, as his urgent necessities compel him to put into the market.

For the Public Good.

The Republican party had its day and died. It was rapid in its growth, and having outlived the issues which called it into existence, it commenced a career of excesses which hurried it to an early but not untimely dissolution. The great minds which guided and controled it in its early career of success—unable to correct its faults and unwilling to be held responsible for its errors—left it, and with them departed all that was statesman-like, patriotic, or honest. Seward and Chase have been succeeded by Sumner, Butler, and Brownlow. What a falling off! The Radical party cannot claim one principle which was the property of the Republican party. Its professions no longer deceive the people. Every election shows that they spit upon it. It was honorable once, perhaps, to have been a Republican; but to be a Radical, is to sit down in a love-feast with Fred. Douglas, and Butler, and Brownlow, and Sam Sing—all "men and brothers"—to be the willing servant of monopolies; to debase oneself to the lowest of God's creatures; to make oneself the equal of the brainless Ethiopian or the mentally-deformed and dwarfed Mongolian, by sinking to his level. What a difference! The principle of the Fifteenth Amendment never was a principle of the Republican party, and yet it is a cardinal principle of the Radicals, and the only issue involved in the present contest. Shall it succeed? The people are not blind to its certain effect if ratified; they are well informed and know the consequences. Men, in a matter of so much moment, should not be bound by party ties. Then let Republicans and Democrats, acting together for the public good, help to crush this Radical monster.

FIRST CLASS ESTABLISHMENT.—It is a fact not generally known outside the limits of Yolo and the adjoining counties, that there is located in Woodland the largest and best appointed Carriage and Wagon Manufactory in this State, outside of San Francisco. It is true, however, that the establishment of Clark Elliott employs more men, turns out more and we believe better work than any inland institution of its kind, and the character of the work for durability and finish is not excelled anywhere—Carriages, Buggies, Sulkies, spring Thorough-brace and Lumber Wagons in large numbers, from which selections can be made, or any special order will be filled quickly and satisfaction given. The work is all made from seasoned lumber, kept six months after importation before using. Mr. Elliott's motto is "honorable dealing," and by that sign he has met with great success.

THE MIGHTY FALLEN.—*We* regret to be obliged to announce the departure of our "U. P." friend, J. P. Samuels. He has furnished us with an item every week and sometimes two of them, of the exciting sort. But Samuels' glory departed before he did himself; his reputation as a fightist waned; Sampson was shorn of his locks and Mr. Samuels was compelled to submit to all sorts of indignities. He was turned out, led out, kicked out and he simmered down so as to ask humbly for a drink, when but a few short weeks ago he rulled the roost and acted as dictator. Samuels has left us, which we regret, but if the town can spare him we will try to get along without him. "*Sic transit gloria mundi.*"

LIVELY.—The early days of this week were prolific of disturbances. J. Young, charged with carrying a concealed weapon was fined $20. The party making the charge was in his turn tried and acquitted. Mrs. Dallon, charged with maintaining a nuisance, was allowed to go on condition that she should abate herself, i. e. the nuisance. John Doe alias Fitzsimmons, alias Fitzgerald, was convicted of assault and battery and sentenced $14 or seven days; he was also found guilty of larceny and sentenced to $50 or 25 days. *We* believe there is still another charge against him, that of resisting an officer. "U. P." Samuels went to Jail Saturday, came out Monday and left town. There were several little affairs besides those noticed, of no consequence but to the participators.

JURORS.—The following are the names of Trial Jurors of the District Court, drawn and required to appear on Monday, 13th of Sept. Robert M. Aucker, Lester M. Burr, James Reid, Lewis Gideon, B. B. Franklin, J. D. Curl, Samuel Purcell, H. Mungate, D. P. Diggs, R. B. Dinsmore, Asoph L. Ashley, J. L. Levison, Alex. Powell, Elisha K. Barnes, Francis B. Rodolph, George Lipman, Stephen Hill, John *W.* Irwin, Hiram Hurlburt, J. B. Rumsey, Edward St. Louis, Valentine Aiken, Joseph E. Card, *W.* L. Manor, G. Kaufman, James H. Sibley, James M. Clark, *W.* H. Marden. C. B. Church, Daniel H. Maupin, James Ray, Martin M. Coster, David Schindler, Ebenezer Majors, J. *W.* Bandy, Rod. Bennett.

CAUGHT IT.—On Monday last, in the middle of the day, and in the presence of a dozen persons, a man entered the Empire Saloon and taking a hat off a nail put it on his own head and walked out the back door. The owner of the hat went out of the same door very soon after and that is all we know positively about it, but the same hat was soon after seen hanging on the same nail and a man with black eyes and bloody nose, without a hat, was seen bathing his head at the pump in the Court House yard.

IN WHAT CHAPTER.—A learned attorney in his speech to a jury, appealing for his client who was charged with theft said, that the Bible says "it is better that ninety-nine guilty should escape than one innocent should suffer." The sentiment is creditable to the heart of the attorney, but we would like to know whereabouts in the Bible it is to be found.

DEOCRATIC RALLY!—There will be a grand rally of the Democracy at Davisville on next Tuesday night. Pendegast, Coffroth, Goodwin and Haile will speak. The meeting advertised for last Wednesday was postponed that all might visit Sacramento and hear Senator Hendricks.

COUNTY HOSPITAL.—The inmates of this institution number eight at this time. Haisley, who was shot by Powers some time since, has entirely recovered, save the loss of his arm; and Leonard, who was so badly injured by being thrown from his horse at Davisville, is doing well.

HOW MUCH?—How much money did Charley Crocker check for, to aid the Radical Legislative candidates in this county? and why does the Central Pacific Railroad Company desire their election? Can Charley Reed tell us?

THE walls of Hall's new brick, opposite the College, are up and the building will be completed as soon as possible. There will soon be a coutinuous brick block from First street to the Railroad.

MOVED.—Thos. Prior has removed his Saddlery and Harness establishment into his new brick building East of the old store, and has a larger and better stock than ever.

RANCH FOR SALE.—*We* call attention to the advertisement of J. L. Williamson. He offers for sale his farm, containing 320 acres or will sell one-half on easy terms.

ICE CREAM.—See Holtzman's card in to-day's paper; location in brick building west of old Post Office. A popular resort for ladies.

CATHOLIC.—There will be Catholic services at the Court-house to-morrow (Sunday) at 10½ o'clock A. M.; Father Kelley officiating.

ALLEGED ROBBERY.—James Forham and James Barry were arrested on Wednesday, charged with robbing John Smith of $150. The parties had been drinking together at the Brewery and quarreled and fought. Smith was beaten and swears that then and there his money was taken. The charge was not sustained at the trial, but Barry and Forham were found guilty of assault and battery and sentenced to pay a fine of $40 each or go to jail twenty days. The requisite amount of coin not being forthcoming they were locked up.

FOUND DEAD.—A man who has gone by the name of "Portugese Joe," was found dead in the ditch near Cacheville on Monday last. He had been working for Lott Day until recently, but had built himself a cabin near the brickyard and had been for a few weeks living alone. It is believed that he had fallen in a fit into the ditch and was smothered by the mud and water. Although called Portugese Joe he was of French nativity and a native of Nova Scotia.

SHOOTING AFFAIR.—Cheney Luce was examined on Thursday for the shooting of one L. F. Smith, at Cacheville, on Wednesday last, and discharged. The parties had a quarrel and Smith followed Luce into a house and assaulted him in the presence of some ladies and threatened to murder him. Smith received a shot at the top of the forehead, the ball glancing off. It was a narrow escape.

RADICAL CONSISTENCY.—Charles F. Reed telling Republicans that he is in favor of the Fifteenth Amendment and as Radical as the best of them; and Democrats that it makes no difference about the Fifteenth Amendment; that he will vote as he pleases *if elected;* that he is just about as good a Democrat as Minis.

LIST OF LETTERS remaining in the office of the Pacific Union Express Co. at this place: Daniel Stewart, W. C. Holman, 2; Johny Mulligan, Chas. Mathewson, F. M. Miller, M. Sears, John B. Wells, Wm Welby, James Groucher, Jos. Whitaker, John W. Cummings, Miss Ella Myers, Mrs. H C. Spencer, Patrick Kenlow, John Brower.

RADICALS WON'T LIE.—Geo. W. Woodward, candidate for Sheriff, is soliciting votes on the ground that he is a poor man and needs the office; and that J. P. Bullock, his opponent, is rich and don't need it. That's a good one.

SPECIAL TRAIN.—A special train of cars, carrying a large number of our citizens, made the trip to Sacramento Wednesday night, the object being Senator Hendrick's speech. The speech is highly spoken of by those who heard it.

PACKAGES AND PARCELS remaining in the office of the Pacific Union Express Co. at this place: D. Winchell, J. R. Lovange, A. W. Hunt, Mrs. L. Rayles, J. J. Tannehill, Anna D. Wright, Uusual Shellhamer, H. C. Yerby, J. M. Martin, 2.

PROPOSALS.—Sealed proposals for building a M. E. Church South at Knight's Landing, will be received through the Post Office at that place. See advertisment.

WHO?—Who *did* write the published letter purporting to have been written by Geo. W. Scott?—is a question very frequently asked.

Two hundred town lots in Washington, on the Yolo side of the Sacramento river, will be sold on the homestead plan.

SPECIAL NOTICES.

DYSPEPSIA IN THE PACIFIC STATES.—Nowhere in the United States has dyspepsia heretofore been more general, or marked with more distressing symptoms, than in California. Luxury, high living and dissipation in the cities; hardship, privation, irregular habits and the effects of maleria in the mining regions, have combined to render Chronic Indigestion one of the most terrible scourges of the Pacific States. It is a source of satisfaction, therefore, to be able to report the gradual and steady decline of the disease and its distressing concomitants on this side of the Continent. As this happy change began to be perceptible soon after Hostetter's Stomach Bitters had attained the rank of a standard remedy in this region, and as it has become more and more apparent, in proportion to the increased sales of the great vegetable specific, reason suggests that the bane has been ameliorated and checked by the operations of the genial elexir advertised as an antidote. Unprejudiced physicians admit this to be the fact, and abandoning all the ordinary stimulants, as well as the astringent tinctures and mineral excitants of the pharmacopœia, are now prescribing the Bitters as a cure for every form of indigestion. The preparation possesses three great advantages over every other so-called stomachic. It is not merely a tonic, but combines the properties of an antibilious medicine, a gentle laxative, and a blood-depurent, with those of a wholesome stimulant. It neither depletes nor excites; but strengthens, soothes, purifies and restores. No medicine ever introduced into the Pacific region has so entirely gained the confidence of every class of society, or approached in the extent of its sales HOSTETTER'S STOMACH BITTERS. au3-1m

ASIATIC CHOLERA.—THE STRONGEST PROOF OF INTRINSIC MERIT.—DEAR SIR.—I ought to have acknowledged long ago the box of Pain Killer you had the goodness to send me. Its coming was most providential. I believe hundreds of lives were saved, under God, by it. The Cholera appeared here soon after we received it. We resorted at once to the PAIN KILLER, using as directed for Cholera. A list was kept of all to whom the Pain Killer was given and our native assistants assured us that eight out of every ten to whom it was prescribed, recovered. It has proved an incalculable blessing to multitudes of poor people throughout all this region. Our native preachers are never willing to go out on their excursions without a supply of the PAIN KILLER. It gives them favor in the eyes of the people, and access to families by whom otherwise they would be very indifferently received. Believe me, gratefully and faithfully yours, J. M. JOHNSON,

Business men, worn by care and sedentary habits, often suffer from constipation of the bowels, until the evil consequences of such a condition are realized in extreme debility, nervousness and prostration of the vital energies of the system; and it may be safely asserted that a majority of the female sex are little better than invalids, from the same cause; but by using Dr. Walker's Vinegar Bitters, this natural aperient and tonic brings back the vigor and bouyancy of health.

An exchange says: "The surprising curative efficacy of Dr. Walker's Vinegar Bitters, in a great variety of chronic diseases, especially those which prove obstinate, and incurable by ordinary treatment, cannot be explained. Nature, aided by art, has here provided a rare combination of medicinal properties, wisely adapted to the cure of diseases common to all mankind."

The effect of Dr. Walker's Vinegar Bitters, even when taken for its cathartic properties, are very different from those of any other medicine prepared specially for that purpose.

There is no nausea or disturbance of the stomach, and instead of causing any sense of languor, or debility, it seems rather to invigorate the whole system, and excite the keenest appetite.

THE LATEST DISCOVERY

—IN—

MEDICATION!

The great difficulty which physicians have been laboring for centuries to overcome, has at length been obviated. A Vegetable Cathartic and alterative more efficient than any mineral preparation of the same class, and as agreeable to the taste as ordinary candy, is now offered to the sick in the form of a Lozenge.

Dr. Erasmus Winslow's Liver and Stomach Lozenge is the most important medicinal novelty that modern chemistry has produced. It contains two botanical extracts, perfectly harmless in themselves, but embodying all the remedial properties of mercury, and destined in this pleasant form to supercede and banish from general use the nauseous pills and potions of which that dangerous excitant is the main ingredient. More than one thousand experiments were made by the inventor of this peerless remedy before it was brought to its present state of perfection. The Lozenge is harmless in its operation, and although the medicinal taste of its curative components has been extinguished by chemical art, their virtues remain as active and potent as ever.

In Dyspepsia, Biliousness, Constipation, sick or nervous Headache, Piles, Dropsy, and the irregularities to which the feebler sex are subject, the Lozenges will be found infinitely moee effective than any of the horrible and disgustiug compounds usually administered in such cases. As an anti-billious specific and general aperient, they have no equal either among advertised preparations or the prescriptions of the regular pharmacopœia.

☞ It is guaranteed that no one who has once tried Dr. Erasmus Winslow's Liver and Stomach Lozenge, will ever again take a purgative powder, or draught, or pill. jy24-1y

This Homestead addition to the City of Sacramento offers unrivaled inducements to all who desire to secure homes, as well as to those seeking to make investments in real estate. Shareholders who pay up in full may take possession of their lots under restrictions consistent with the interests of all Shareholders and an equitable distribution of the property. These restrictions are bricly: 1. Payment in full within six months from July 1st, 1869. 2. Not more than six lots in any one block shall be assigned; only two of which shall be corner lots, and only one corner and two inside lots on the same side of a block. This feature will secure the immediate settlement and rapid improvement of the lands, and a consequent enhancement of its value. The line of the Sacramento Valley and Western Pacific Railroads run through the plat, and an agreement and bond has been executed by the former Company to run trains on schedules of time equal to the accommodations afforded by street railroads. Thus by reason of being conveniently accessible, these lands are brought within the range (in value) of those more centrally located, and will find early occupancy. In every feature of this scheme the Homestead principle—which has been so prolific of good to citizens of moderate means, promoting the growth of our State and its cities and distributing the ownership of Realty among the many—has been carefully guarded. It may safely challenge comparison or competition.

Articles of Association, containing maps of plat, and showing its relation to the city, will be furnished upon application. Shares may be secured by forwarding the first installment of Ten Dollars to the Secretary, who will also furnish any desired information.

CALIFORNIA VINEGAR BITTERS!

Manufactured from the native Herbs and Roots of California.

The Great Blood Purifier!

For Inflammatory and chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such diseases are caused by Vitiated Blood, which is generally produced by derangement of the digestive organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptiyns, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.

"The life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.

These Bitters are not a gilded Pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

Diluted with water, it makes an excellent Dentifrice, imparting pearly whiteness to the teeth, sweetness to the breath, and renders the gums hard and of a beautiful color.

It should always be used after shaving, diluted with water, as it relieves all inflamation.

YOLO COUNTY DEMOCRAT.

How They Had Him.

When I was young and tender too,
I had to mind and had to do
Whatever mother bade me;
She used to have a walnut stick
Which kept me on the double-quick,
And that was where she had me.

When older grown, and quite a beau
Among the girls, I used to know
A Miss Priscilla Cadmy;
And with the help of smiles and nods
I fell in love at forty rods,
And there is where she had me.

When I was older, say sixteen,
I thought it time to have a queen,
And asked her if she'd wed me;
She said she didn't much object,
Or words to something that effect,
And there was where she had me.

But when, to make the matter straight,
I went up to negotiate
Affairs with Colonel Cadmy,
He said he "didn't care to sell,"
He told me I might go to—well,
And that was where he had me.

I drowned my sorrow in the cup
Until I got my dander up
(I couldn't have been madder);
When she proposed that we be one
In spite of pa—the thing was done,
And that was where I had her.

Two lovely urchins on my knee
I'm proud to say belong to me,
(That is, to me and madam);
For when we left our native sod,
We spent a year or two abroad—
And there was where we had 'em.

"JAMES! James!" cried an author's wife, "I have been calling you this last half hour, and dinner is getting quite cold." "Oh is it? Well, you know I have just killed the cruel old uncle; his property, of course, comes to his nephew, Charles, and I am marrying him to Emily. Keep the mutton hot until the ceremony is over—there's a dear."

IN speaking of a clerical friend who possesses a very rubicund countenance, some one said the other day, "I don't think he drinks; in fact, I know he does not, for he told me so; but he probably sleeps in a bed with red curtains."

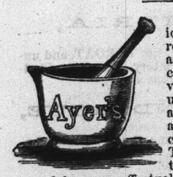
OF all the Presidents of the United States, says the *Courier-Journal*, Grant bears the palm—the itching one!

PRINTERS "set up" more than any other people, not excepting those who are freshly and desperately in love.

CHEERFULNESS of temper arises half from a belief in the personal goodness of others.

AYER'S CATHARTIC PILLS

For all the Purposes of a Laxative Medicine.



Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterous drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills readily cure:—For Dyspepsia or Indigestion, Listlessness, Langour and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Dysentery or Diarrhœa, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. DR. J. C. AYER & CO.,

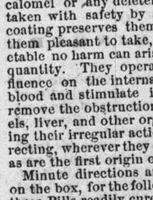
AYER'S HAIR VIGOR,

For Restoring Gray Hair to its Natural Vitality and Color.



A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always cured by its use. Nothing can restore the hair where follicles are destroyed, or the glands atrophied and destroyed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

Hair Dressing,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Pacific Protective Association of California.

Incorporated.....Oct. 1868.

OBJECT.

The object of this Association is to secure a cash payment, within sixty days after the death of a subscriber, to his or her heirs or assigns, of as many dollars as there are individuals of the class to which said deceased subscriber belonged.

MEMBERSHIP.

The subscription fees are TEN DOLLARS at joining, and ONE DOLLAR on the death of each subscriber. The One Dollar from each subscriber is paid to the heirs or assigns of the deceased.

THE FUNDS.

The By-Laws of the Association require that a portion of the money received as subscription fees shall be a sinking fund to meet assessments falling due by the delinquencies of subscribers. The balance of the money received to be used for the expenses incurred by the Association.

MEMBERS.

A subscriber failing to pay his or her assessment of one dollar within Thirty Days from receipt of notice forfeits his or her Certificate, and all claims upon the Association, unless good cause is shown for further delay. A subscriber can forward money in advance, which amount will be credited on future assessments. The subscribers are divided into classes including males and females. Each class is limited to 5000 subscribers. As classes are filled, new ones will be formed. No person is so poor that he cannot pay Ten Dollars at joining and One Dollar occasionally, thus securing $5000 to his or her heirs or assigns.

ADVANTAGES.

The advantages of this Association are, that no money panic can effect it. Its benefits are easily attainable by all, and every subscriber added to the Association enhances the interest and protection of all; the amount paid being so small, and only at long intervals, that any person can secure for his family a competency upon his death.

CLASSES.

In class A, all persons between the ages of 15 and 40 year. In class B, all persons between the ages of 40 and 60 years. Any one that has not stated his or her age correctly, will forfeit all money paid and his or her certificate.

One class cannot be assessed if one of another class dies. Classes have no connection with each other.

HOW TO BECOME A MEMBER.

A person desirous of becoming a subscriber must fill out an application and forward with it Ten Dollars by check, draft, or by Express, in gold or silver coin. Persons can pay agents, when regularly appointed and authorized to receive money. Each subscriber should interest himself in obtaining new members; by so doing all are benefitted.

APPROVED PATTERNS AND FINISH!

I employ no "foreman," for 30 years' experience in the trade—10 years in the Eastern States, 20 years on the Pacific coast, (including 9 years superintendence of the "Pioneer Carriage Shop," Sacramento,) justifies me in assuming that position. Delegating to none the supervision of my work, I am enabled to

My LARGE and SPACIOUS SHOPS enable me to store large quantities of material, and my

SEASONING FACILITIES,

(the only perfect seasoning apparatus on the coast) enable me to defy competition in quality of seasoned work. For verification of above, one has only to examine my facilities in this line, and compare them with those in other shops. I do not pursue the course adopted by many; on the contrary, I season stock before working, and do not put up green stock in wheels, leaving them to season afterwards. I have and keep on hand a large stock of

OAK and HICKORY SPOKES,

of all sizes and the finest material the market affords. Also a large variety of

Elm and Locust Hubs.

Having given the Oak Hub a fair trial, I have become convinced that they are *unfit* for first-class work. Parties who may favor me with their patronage may be assured that

Best Work from the Best Stock,

and having served my time at the two branches of carriage-work, (wood and iron) enables me to guarantee satisfaction in all cases, and to know, as foreman of my own shop, when work is

WELL DONE.

To those who have heretofore dealt at other shops, and consequently are unacquainted with my work, I would say GIVE ME A CALL and examine my stock and work. Believing that the surest test of the value of my work can be had in the verdict of those who use it, I respectfully refer the public to
